ON DEMAND COURSE INFO

This course is designed for anyone interested in performing arts and/or drama who feels unsure about how to prepare for an audition. Auditioning for a role, program, or opportunity in the performing arts world can be overwhelming. You might be wondering if you're good enough, or even where to begin. We understand—and that's exactly why we created this course: to give you the skills and confidence you need to walk into your next audition feeling prepared and ready.

This **general audition prep course** offers practical, flexible guidance that fits into your own schedule. The **on-demand video classes** allow you to learn at your own pace, revisit lessons, and focus on the areas that matter most to you.

The course includes:

- Video lessons

- A downloadable PDF handout

Throughout the course, you'll be prompted with questions and reflections designed to deepen your understanding and tailor the learning to your personal needs.

For those who choose the **feedback option**, you'll have the opportunity to submit a **mock audition video** at the end of the course. One of our professional CenterStage International coaches will carefully review your submission and provide **detailed feedback** on your performance—highlighting your strengths, identifying areas for growth, and offering tips to help you shine in your next audition.

FAQ - FREQUENTLY ASKED QUESTIONS

WHO IS THIS COURSE FOR?

This course is for anyone who wants to nail their audition and feel truly prepared. Whether you're auditioning for a stage production, film role, casting call, drama school, or training program, this course is tailored for performers in fields such as drama, acting, performing arts, musical theatre, camera acting, film acting, media acting, theatre acting, public speaking, and rhetoric.

IS AN ONLINE ON-DEMAND COURSE GOING TO HELP ME?

Yes, absolutely. If you engage fully with the exercises and tasks, this course can significantly improve your audition performance. Because it's on-demand, you can train at your own pace, in the comfort of your home, and on your own schedule—no pressure, no commute.

Many students love the flexibility this course offers, as it allows them to revisit lessons and practice repeatedly in the areas they need most.

Our students often mention that the personalized feedback at the end of the course helped them make key final improvements and walk into their audition with more clarity and confidence.

SHOULD I CHOOSE THE OPTIONAL VIDEO FEEDBACK ?

That depends on your current experience level and how confident you feel.

If you're already quite experienced and are just looking for a refresher, the standard course might be enough.

But if you're feeling uncertain, or want expert eyes on your performance before the real thing, we strongly recommend the feedback option.

With the optional mock audition review, you'll get detailed professional input from one of our CenterStage International coaches. You can also use your recording to ask questions specific to your performance or audition situation. This feature is a powerful confidence booster and can be a game-changer for your preparation.

WHAT IF I'M NOT SATISFIED AFTER TAKING THE COURSE?

We believe in the value and effectiveness of this course and are confident it can make a real difference in your audition preparation. Many students have seen noticeable improvements in their performance, confidence, and overall readiness after completing it.

That said, we also understand that every performer is unique, and results may vary depending on your specific audition context and effort. If you've completed the course in full, actively participated in the exercises, and (if applicable) followed the advice provided in the feedback option—but still feel that the course didn't help you improve or meet your expectations, we offer a money-back guarantee. We want you to feel supported—not stuck. Just reach out to us with a short explanation, and we'll make it right.
